---

PHYSICAL AND CHEMICAL PROPERTIES

---

APPEARANCE: A slightly hazy, brown, odourless liquid.

FLASHPOINT (0C): Non flammable

BOILING POINT (0C): N/A

FLAMMABILITY LIMITS (%): N/A

VAPOUR PRESSURE: N/A

SOLUBILITY IN WATER (g/L): Miscible

SPECIFIC GRAVITY: 1.090 - 1.110 @ 20<sup>0</sup>C

---

STABILITY AND REACTIVITY

---

**Stability:** Product is stable for at least 2 years under normal conditions of warehouse storage.

---

REGULATORY INFORMATION

---

Poisons Schedule: 6 (Poison).

---

## OTHER INFORMATION

---

**Data Source:**

This MSDS summarises our best knowledge of the health and safety hazard information of the product and how to safely handle and use the product in the workplace. Each user should read this MSDS and consider the information in the context of how the product will be handled and used in the workplace including in conjunction with other products.

If clarification or further information is needed to ensure that an appropriate risk assessment can be made, the user should contact this company.

Our responsibility for products sold is subject to our standard terms and conditions, a copy of which is sent to our customers and is also available on request.
